From what I think I've gathered, it was around longer than GGaD has been so far, and something was wrong with it...?

It was named "Good versus Evil". I think it caused a conflict between the SAMB and the WoFMB. That's all I know; I wasn't here/there at the moment.

GVE, short for Good versus Evil, was a FWRP where forumers would be aligned with either Good, Evil, Fusion, and Light (I think I don't remember). Forumers would have OCs and Flipsides on different sides and stuff.

It was kind of intense. Unique was the queen of Evil, and Angel used to be Good's leader. Then I think she gave that role to Gryffin and Hootsie.

Basilisk was I think the leader of the Fusions.

The Good side were the good.

The Evil side were the evil.

The Fusion side were kind of both. They were neutral sort of.

And the Light were just I think neutral?

I don't really remember. Ask Crimson, Fossil, Luna (I don't think she's very active anymore), or Hydra. Unique pops up once in a while, and Hootsie and Gryffin are inactive. Angel left the forums. Oh! Ghost! But he's kind of inactive.

@Nightwolf: I think the Light side you're talking about is the Chaos side.

There was a little drama regarding the SAMB using their own flip sides and creating "doomsdays", but that conflict has long been resolved I believe.

Yeah oddly enough even though the RP was called good vs evil there were no actually sides called the "good" or "evil" sides; rathar there were a lot of sides, with the major ones being the Light, Dark, Fusion, and Chaos sides

good and evil were called light (good) and dark (evil) and weren't necessarily good and evil, like good people could be on dark and evil people could be on light
fusions and chaos were both neutral, fusions wanted order/peace and chaos wanted- you guessed it- chaos
unique's flipside, uvelia, was the queen of dark for most of the fwrp who i think got usurped by perodi, hydra's flipside, at one point idk
fusions were led by basil, basilisk's flipside

Ver honored to be called a pro

There was no sign-up thread. It was rather spontaneous, but Hootsie gets the credited with ownership because I think she kicked it off. I'm not 100% sure because I joined a few weeks after it started

gve was the first fwrp, started by hootsie. i was still mostly sambing when it began but i was involved near the end-ish. everyone else explained the sides so i'll just describe chaos. i was just a lone wolf for a while bc i didn't like most sides but eventually i restarted the forgotten chaos. it was like unorganized organized crime, ya did what ya wanted and there was no leadership; it was fair and chaotic. don't even think there was an hq. called it the renegades for like 2 weeks but chaos stuck.

it was kinda a free for all - no signups or anything, just an intro thread and you're in. then i think there were a few conflicts w/ the samb and oth. forums bc of gve, bc of flipsides and some people crossed over and there was a small "keep your rp's to yourself" type deal but yeah it was fun but then it died a little, we had some initiatives to keep it going but nows it's over on the forums, there was a gve wiki and dscord server tho so idk if those are active.

bringing something we must learn
we are led to those who help us most to grow
& we help them in return
i don't know if i believe that's true
